November 2026

SAVE THE DATE: 16-17 September 2027
27th MathFinance Conference
Europe's leading quant & derivatives event

Why attend?
Because you'll gain access to the most important developments in quantitative asset management, structured products, pricing and risk management – straight from the industry's leading minds.

Perfect for global teams
We offer team tickets and a Webex stream so that teams from various locations can follow the sessions together – regardless of their institution's place of establishment or country of origin.

2. TRAININGS, COURSES AND CONFERENCES

DUBAI

Preceding haf-day seminar on Structured Products.

Prof. Uwe Wystup offers a Masterclass on FX structured products preceding the conference on **18 November 2026** in Dubai. He will also participate on the panel Markets in Supporting GCC Economic Growth.

FX Structured Products Masterclass – UAE Financial Markets Association
https://www.uaefma.com/em_event/fx-structured-products-masterclass/

And on the panel Treasury, Technology & Future Finance
Dubai, 19-20 Nov 2026

6th GCC FMT Conference | GCC Financial Markets & Treasury

LONDON

FX Exotic Options - 22nd - 24th February 2027

This advanced three-day course covers the pricing, hedging and application of FX exotics for use in trading, risk management, financial engineering and structured products.

FX exotics are becoming increasingly commonplace in today's capital markets. The objective of this workshop is to develop a solid understanding of the current exotic currency derivatives used in international treasury management. This will give participants the mathematical and practical background necessary to deal with all the products on the market.

All participants will receive a copy of the latest edition of Professor Wystup's reference book **"FX Options and Structured Products"**, published by Wiley.
